- Project: Wish Travel
- Description: This application allows users to search, for bookhotels and tours. Besides, they can also search for famous places and view the places surrounding their hotels.
- Team size: 5
- My Role: Developer
- Technology used: SQL Server, HTML/CSS, JavaScript, Spring boot
- Responsibilities:
  - + Database design
  - + Code fullstack

### FPT SOFTWARE, Java Developer

SEP 2021 - PRESENT

#### **1st Project(09/2021 - 04/2022): SM2021** - System Logistic Information Management (55 members)

- Technology used: PostgreSQL, Java Struts 1, Spring MVC, Jsp, Thymleaf, JavaScript, Html, Css
- Responsibilities:
  - + Backend Coding: migration from Struts 1 to Spring MVC
  - + Frontend Coding: migration from Jsp to Thymleaf

#### **2nd Project(4/2021 - 07/2022): SM2022** - System Logistic Information Management(55 members)

- Technology used: PostgreSQL, Java Struts 1, Spring MVC, Jsp, Thymleaf, JavaScript, Html, Css
- Responsibilities:
  - + Backend Coding: fix bugs and implement customer change requests
  - + Frontend Coding: correct frontend differences between IE and Chrome

#### **3rd Project(7/2022 - 12/2022): BIZNETS3** - Gas and electricity management system (27 members)

- Technology used: PostgreSQL, Spring Boot, Microservices, React, Redux
- Responsibilities:
  - + Create detail design from basic design and API document
  - + Create design layout with Figma
  - + Backend coding function from detail design
  - + Frontend coding function from detail design

#### **4th Project(1/2023 - Present): CRG2023** - Enhance and develop backyard system for Japanese used car auction and sale platform (112 members)

- Technology used: Oracle database, R2Framework(custom from Seasar2 and SAStruts), JSP, JavaScript, JQuery
- Responsibilities:
  - + Study requirement and estimate for the next phases
  - + Create basic design for function
  - + Coding backend and frontend function from basic design
  - + Create function units test and test
  - + Execute integration test based on test cases that team lead created

## INTERESTS

- Find out, learn new things.
- Play football.
- Listen to music.
- Participating in collective activities.

## EDUCATION

 **FPT UNIVERSITY DA NANG**, Software Engineer

Sep 2017 - Sep 2021

GPA: 7.6/10

## CERTIFICATIONS

**2022:** Professional Scrum Master II ([scrum.org/user/997126](https://scrum.org/user/997126))

**2023:** Cloud Developer  
([udacity.com/certificate/e/7d08242e-416f-11ee-85d6-afc3b88c3988](https://udacity.com/certificate/e/7d08242e-416f-11ee-85d6-afc3b88c3988))

**2023:** Java Web Developer
